A.R.S. § 41-1005(A)(1) exempts the Commission from the rulemaking requirements of A.R.S. Title 41, Chapter 6 for wildlife area rules. Based upon this statutory exemption, the Commission has adopted new wildlife area rules to replace Commission Rule R12-4-109, which is repealed effective May 1, 2000. The new wildlife area rules provide protective measures for wildlife and habitat, allow for special management and research practices, and enhance wildlife and habitat conservation. R12-4-801 prescribes criteria for lands that qualify as wildlife areas; R12-4-802 prescribes how public access to wildlife areas may be restricted or closed to entry; and R12-4-803 describes the boundaries of the wildlife areas.

9. The summary of the economic, small business, and consumer impact:

The rules will result in no new costs to the Department or any other persons. The adoption of exempt wildlife area rules that adequately protect wildlife and habitat will benefit the public and the Department.

10. A description of the changes between the proposed rules, including supplemental notices, and final rules (if applicable):

A.R.S. § 41-1005(A)(1) exempts the Commission from the rulemaking requirements of A.R.S. Title 41, Chapter 6 for wildlife area rules. Based upon this statutory exemption, the Commission has adopted new wildlife area rules to replace Commission Rule R12-4-109, which is repealed effective May 1, 2000. The changes from current R12-4-109 and from the new, exempt rules as originally drafted and distributed to the public are as follows:

Changes from R12-4-109:

- The new wildlife area rules are exempt rules: As such, the rulemaking process is not subject to the confines of the Arizona Administrative Procedure Act. This will allow the Commission to amend the rules annually in conjunction with the adoption of Commission Orders.
- R12-4-801. General Provisions: The only change under general provisions is the addition of language in subsection (B)(3) allowing the Department to designate existing forms of property interests as wildlife areas.
- R12-4-802. Wildlife Area Restrictions: This is a new rule that lists land use restrictions for each wildlife area and prescribes how public access to wildlife areas may be restricted or closed to entry. Land use and access restrictions previously included in Commission Order 1 are now identified here instead.
- R12-4-803. Wildlife Area Boundary Descriptions: Eight new wildlife areas (Chevelon Ranches, Colorado River Nature Center, Quigley, Sipe White Mountain, Sunflower Flat, Upper Verde River, Wenima, and White Mountain Grasslands) are added. Two existing wildlife areas that no longer meet the criteria for establishment of a wildlife area (Painted Rock and Santa Rita) are deleted. Existing boundaries for some wildlife areas are amended to reflect changes in ownership status.

Changes from the new, exempt rules as originally drafted:

- R12-4-801. General Provisions: No changes.
- R12-4-802. Wildlife Area Restrictions: White Mountain Grasslands Wildlife Area was added and corresponding restrictions listed. In addition, language among the areas was standardized whenever possible and amended to be consistent with Commission Orders.
- R12-4-803. Wildlife Area Boundary Descriptions: A boundary description for White Mountain Grasslands Wildlife Area was added. At this time, this new area will include Cross L Ranch, which was recently purchased by the Department. In the near future, Ocote Ranch parcel (which the Department is in the process of acquiring) will be added.

11. A summary of the principal comments and the agency response to them:

Notice of the rulemaking, including an explanation of the rules and draft rule language, was given to the public through mailings and distribution at 14 statewide 2000 Hunt Regulations meetings. Public Hearings were also held at Alamo Lake on February 14, 2000; in Showlow, Arizona on February 16, 2000; in Yuma, Arizona on February 16, 2000; and in Springerville, Arizona on February 17, 2000. Written public comments were also accepted through February 22, 2000.

A summary of the principal comments and the agency response to them are as follows:

1. **Comment:** Support for the proposed rules.
Evaluation: The Department agrees that the rules are necessary.
2. **Comment:** Support for the proposed rules, but concern that the rules are not always fairly and reasonably enforced.
Evaluation: The Department agrees that the rules are necessary and that they should be fairly and reasonably enforced at all times.
3. **Comment:** Support for the changes that will allow the Department to designate existing forms of property interests as wildlife areas.
Evaluation: The Department agrees.
4. **Comment:** Support for adding land use restrictions to the rule; but a request that the Department accept pub-

lic comment about the restrictions and list the restrictions on the Department's web site and in its publications.

Evaluation: The Department agrees and will include the land use restrictions in public access information whenever possible.

5. **Comment:** Burro impacts should be addressed in R12-4-801. General Provisions.

Evaluation: The Department does not believe it is necessary to add oversight regarding burros on wildlife areas.

6. **Comment:** Request that closure dates for wildlife areas 17 (Mittry Lake), 19 (Quigley), 22 (Roosevelt Lake), and 3 (Whitewater Draw) be consistent whenever possible.

Evaluation: The Department agrees that whenever possible restrictions should be consistent throughout wildlife areas. However, the Department found that based upon the differences in area elevations and the species of wildlife seeking refuge the differences in closure dates for these areas are necessary.

7. **Comment:** Restrictions or prohibitions on skiing and/or jet skiing should be added to wildlife areas like Mittry Lake.

Evaluation: The Department does not believe that it is necessary to add restrictions regarding skiing or jet skiing to wildlife areas.

8. **Comment:** The 10-day camping rule should be strictly enforced at Mittry Lake.

Evaluation: The Department agrees.

9. **Comment:** Fishing access should be addressed for Quigley Wildlife Area.

Evaluation: The Department believes that fishing access is adequately addressed in the fishing regulations per Commission Order 40 and does not need to be addressed in R12-4-802.

10. **Comment:** Motorized vehicle restrictions should be clarified for Alamo Wildlife Area.

Evaluation: The Department believes that motorized vehicle restrictions are adequately addressed in the Alamo Wildlife Area restriction identifying that such travel is permitted on designated roads, trails, or areas only.

12. Any other matters prescribed by statute that are applicable to the specific agency or to any specific rule or class of rules:

Not applicable

13. Incorporations by reference and their location in the rules:

None

14. Was this rule previously adopted as an emergency rule?

No
